REVIEWS

"I recently booked Brenlynn Craker for a multi-day photo shoot. Not only is she a skilled makeup artist but she was instrumental in putting our whole makeup and hair team together. Her work ethic and professionalism are execptional and I look forward to working with her again."

"I have used Brenlynn for both local events and for traveling when I require hair and makeup. She is excellent! She anticipates everything with the event as it pertains to to my look (and often even my wardrobe) perfectly. Brenlynn is experienced enough to know when touchups are going to be required and how to handle specific event issues (photography lighting, daylight, heat, etc)."

"For every music video I have produced, Brenlynn is my immediate go-to makeup artist. Heartwarming. Fun. Attentive to detail. Extremely accomodating. These are just a few of her tremendous qualities that make her top notch."
